Free Professional Development Opportunity

Building an Active Creative Engaged Community

We all want "Quality of Life", but how do we make it happen?

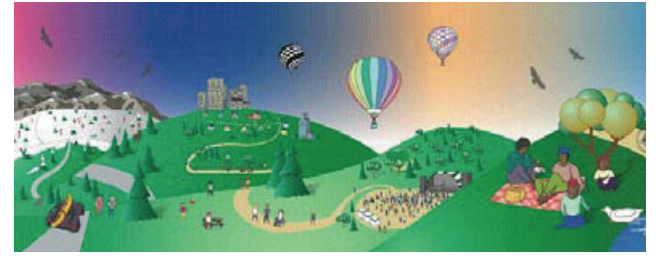

This inspiring session, specifically for the community minded, will provide vision, hope, and relevant advice for building an A.C.E. Community...active, creative, engaged.

Participants will discuss:

- Competencies required to take initiatives from an idea to fruition
- Leading edge concepts for building community capacity
- Real world strategies for motivating others to take responsibility
- How to sustain the community-minded individual for the long haul
- Attendees will leave with tangible tools and the spark to make a difference!

Special Guest—North America's Leading Community Change Agent, Ian Hill

Developmental Check-Up Day

The First five years of life are very important to your child as this time sets the stage for success in school and later in adulthood.

Research on brain development tells us that a child's capacity to learn, to create, to love, to trust, and to develop a strong sense of self are determined during the first five years of life.

It is important to ensure that each child's development is proceeding during this period of life; therefore we are interested in helping you follow your child's growth and development with a Developmental Check-Up Day.

A Developmental Check-Up is available the **third Wednesday of every month located in the Dr. George Kemp House from 1:00 pm to 4:00 pm.**

Contact Heather Dixon at 403-396-9882 to book an appointment to complete a developmental screen.

Brought to you by Town of Innisfail Community Services. Supported by Village Gate Parent Link Centre and Alberta Children and Youth Services
